

May 14, 2026 PHAC Ontario Region Updates

Ongoing Reminders

- Ontario Network of CAPC/CPNP Projects: Stay informed and updated on all training and knowledge sharing that is available via the Network weekly newsletter and WebConnects (our community website). To get connected, contact Program Lead Sydney Bell at sbell@caminowellbeing.ca
- Direct Link to Webconnects : <https://www.webconnects.ca/>
- For all questions and concerns you can always email ontario@phac-aspc.gc.ca

The new funding webpage: [CommunityActionforPrenatalandChildHealthProgram - Canada.ca](http://CommunityActionforPrenatalandChildHealthProgram-Canada.ca)

1) Regional Office Update (HR, staffing changes)

For all questions and concerns, please email the ontario@phac-aspc.gc.ca

We thank you for your patience during these transitional times.

2) PHAC Program Update (National specific CAPCHP, consultations, participant surveys)

Community Action for Prenatal and Child Health Program (CAPCHP) Solicitation:

Emails went out from Maternal.child.health.sante.maternelle.infantile@phac-aspc.gc.ca email, acknowledging your approval for CAPCHP funding from April 1, 2026 – March 31, 2030. Thank you for your patience.

CGC continues to work on the development of the new agreements and have been sending agreements to projects as they finalize them. So, if you have not received an agreement yet, please reach out to your Program Consultant.

Our new funding webpage : [CommunityActionforPrenatalandChildHealthProgram - Canada.ca](http://CommunityActionforPrenatalandChildHealthProgram-Canada.ca)

3) PHAC Reporting Requirements (Year-end reports, Appendix C, ART, PR, Underspending, PMC's, site visits)

End of year reporting-You should have received an email from your CGC officer listing reporting and documents needed for the end of the year. If you have not, please let your CGC officer know, and also check your schedule C, for details. These were due April 30th, 2026.

Annual Reporting Tool (ART):

This year the ART is the short version and focuses on project monitoring and was sent on April 1, 2026, via a Voxco link from ART-OERA@phac-aspc.gc.ca.

Reporting was due April 30th, 2026 via Voxco. If you for some reason you need more time or if you have any questions, feel free to contact your Program Consultant

Annual Reporting
Tool -CAPC-CPNP-2C

Project Monitoring Calls (PMC)

Most PMCs have been completed for 2025-2026. 2026-2027 round of PMC calls will not start until the fall. Calls will be going over project activities, governance, and emerging trends. This is also a great time for projects to review their budgets and make sure they align with project activities. If needed, budget transfers can be discussed between the project and PC/CGC officer.

Site Visits : Every year some projects are selected for site visits. PCs will be contacting the selected sites to coordinate a site visit. As part of this visit, PCs will participate/witness CAPC and/or CPNP activities. If you have questions please reach out to your PC.

The National placemats for Fiscal Year 2022-2023 can be found on WebConnects at:

<https://www.webconnects.ca/node/778>

- 4) **FUNDING OPPORTUNITIES:** Link: [Funding opportunities: Public Health Agency of Canada and Health Canada - Canada.ca](#)

Canadian Institutes of Health Research. The goal of this funding opportunity is to build research capacity, generate new knowledge, and support knowledge mobilization in human development, child and youth health by funding operating grants to early career researchers.

The program will fund research across the four CIHR pillars (biomedical; clinical; health services; and social, cultural, environmental, and population health) that has the potential to have a significant impact on human development, child and youth health. Ultimately, the program aims to strengthen Canada's capacity and knowledge to respond to challenges and needs by providing important early career development support to researchers in these fields.

For more information, please go to [ResearchNet - RechercheNet](#)

- 5) **PHAC REGIONAL PORTFOLIOS UPDATES:** (Lead file updates)
- **Dad Central, Father Involvement** - <https://dadcentral.ca/>
 - **Infant and Early Mental Health Promotion** - <https://www.sickkids.ca/en/learning/our-programs/infant-and-early-mental-health-promotion/>
 - **NOBODY'S PERFECT** : Nobody's Perfect Online Conference is happening on May 5-6, 2026.
Title: **Looking Within and Growing Together.**

FETAL ALCOHOL SPECTRUM DISORDER (FASD)

[Welcome to FASD ONE - FASD ONE](#)

- **6th Annual London and Region FASD virtual conference** October 20-21, 2026. This year's theme: Supporting Relationships in FASD: Building Bridges Across the Lifespan.

Central Zone – Rosetta R

For details go to [FASD](#).

- **FASD Training:**

The Canada FASD Research Network, with the support of the Public Health Agency of Canada, is excited to announce the release of our new online FASD training course that is designed to improve knowledge and awareness of Fetal Alcohol Spectrum Disorder (FASD).

The training will be available and **free** for you to access during our 1-year pilot. **Help us pilot this course by completing the training and the surveys before August 31, 2026.** It is very important that this course is beneficial and educational to you, and we cannot do that without your input.

The course itself has five modules, each exploring a different but related aspect of FASD:

- Module 1: Introduction to the Course and FASD
- Module 2: Screening, Assessment and Diagnosis of FASD
- Module 3: FASD-Informed Supports and Strategies for Children
- Module 4: Supporting Adults and Parents with FASD
- Module 5: FASD Prevention and Awareness

The course should not take longer than 4-6 hours. You can find the link to the course here:

<https://elearning.canfasd.ca/courses/phac-pilot-training-course/>

Please contact info@canfasd.ca if you have any questions or have difficulty accessing the course.

- **FASD report:** The Canadian Academy of Health Sciences (CAHS) is pleased to announce the release of the report on “Fetal Alcohol Spectrum Disorder (FASD) in Canada: Current Knowledge and Policy”, funded by the Public Health Agency of Canada (PHAC).

The report is the result of evidence reviews, extensive consultations across Canada, and panel discussions beginning in 2024. For the reports, please click on the following link:
